9th ANNUAL FOCUS ON HEALTHCARE CONFERENCE

Avalere Health LLC

Valerie Barton
VP

Valerie Barton, Vice President, leads Avalere's Data & Analytics Practice. This practice designs and conducts analytical research studies for government, industry, foundation, and not-for-profit clients. The work spans traditional health economics and outcomes research; the analysis of value-based payment system alternatives; Medicare, Medicaid, and private payer claims and cost report analysis; survey design; and legislative scoring.

Ms. Barton joined the firm in 2004 to advise clients on the implementation of the Medicare outpatient prescription drug benefit. In 2005, she launched the Data & Analytics Practice and has built a team of over 20 researchers and analysts. Prior to joining Avalere, she was a Senior Manager with The Lewin Group, where she directed large, multi-year projects on hospital payment and staffing, evidence-based medicine, and medical technologies for both private and public sector clients. Ms. Barton has over 12 years of experience in Medicare payment policy, having worked at both the Centers for Medicare and Medicaid Services (CMS) and at the Congressional Budget Office (CBO) to develop and launch Medicare prospective payment systems for hospital outpatient departments, skilled nursing facilities, and inpatient rehabilitation facilities.

Ms. Barton holds an M.A. in Economics from the Pennsylvania State University and is a Phi Beta Kappa graduate of the University of Pittsburgh with a B.A. in Economics and East Asian Studies.
